

Life Church Lobby Completion

Background:

- In order for us to stay in our current building we needed to do significant work.
- We completed the new roof, utility separation, lobby, and classroom in August 2016.
- We spent around \$100,000 of our savings, but incurred no debt.
- This construction project is finished, but we need to up fit the space to meet our needs.
- We are asking Life Church members to help us finish this project.

Goals:

- The lobby needs to stay uncluttered and clean.
- The lobby needs to be able to be used in multiple ways.
- The classroom has bad acoustics that need to be addressed with acoustical panels on the walls and possibly in the ceiling.
- The classroom also needs to be used in multiple ways for multiple events.
- We need technology and equipment to show audio/video in the classroom and in the new lobby.
- We would like to paint the auditorium and change the sound panels.

Proposal:

- Decorations for the lobby, coffee cart, and information center - **\$3,000**
- Furniture for the classroom - **\$2,500**
- Acoustical sound Panels for the classroom - **\$1,000**
- TVs, speakers, and web streaming equipment - **\$5,000**
- Paint in auditorium - **\$7,000**

Total: \$18,500
